

## MSD Animal Health Business Partner Testimonial

CCPC' s quality and EHS management system is in accordance with MSD' s global policy. In addition to that there is no critical production/delivery issue over the past 10 years.

Based on my experience, CCPC is quite responsible and always shows supportive attitude for our requirement compared to other CMOs. In addition to that we are very glad that CCPC always welcomes us warmly whenever we visit the site.

Congratulations and best wishes on 70<sup>th</sup> anniversary. We hope CCPC and MSD could expand our business in future by keeping current solid relationship.

We wish you all the best.

Global Supplier Management / Associate Director
